- ❖ **VersionControl System–** Git, GitHub.
- ❖ **Responsive Design–** Bootstrap, Tailwind CSS.
- ❖ **Other Skills:** Microsoft Office Suite (Word, Excel, PowerPoint).

PROJECTS

- ❖ **Landing Page Website - (Sem 4 Academic Project)** **(Nov 2023 - Dec 2024)**
I assisted an offline client in establishing an online presence by designing and coding a website for their project, "Yamuna Bhujal", a service dedicated to identifying groundwater points for borewells. I have applied my skills in both design and coding to bring the client's vision to life. Acquired knowledge in various SEO practices and implemented image optimization strategies to enhance website speed throughout the project. Here is the live website - [Yamuna Landing Page](#)
- ❖ **Portfolio Website (Sem 3 Academic Project)** **(May 2023 - June 2023)**
Developed a personal portfolio website to establish a prominent online presence, employing HTML, CSS3, JS (ES6+), and React JS. Used version control using Git to track changes systematically, with regular updates pushed to GitHub. Ensured seamless functionality across all features to enhance user experience on this personal project.
